- Chambers, T. R.—Tinnitus and deafness, a new instrument for their relief 1137
 Chancre of the tonsil with report of a case—Wilson, N. L. 1110
 Cobb, F. C., and Post, A.—Salvarsan in syphilis of the nose and throat 1084
 Cochlea; Physiology of the,—Wales, E. DeW. 936
 Cocks, G. H.—Contribution to the pathology and clinical diagnosis of status lymphaticus 997
 Collins, E. W.—The relation of dietetic errors to disturbances of the upper respiratory tract 1382
 Contribution to the pathology and clinical diagnosis of status lymphaticus—Cocks, G. H. 997
 Cott, G. F.—Latent sinusitis, symptoms and results, immediate and remote 106
 Crile, G. W.—Laryngectomy for cancer 1317
 Curious mishap during a bronchoscopic examination—Johnston, R. H. 1136
- D
- Dabney, V.—Fibroma of the nose and naso-pharynx with sudden malignant degeneration 960
 Deafness; Tinnitus and, a new instrument for their relief—Chambers, T. R. 1137
 Dental arch; X-ray measurement of the permanent teeth to provide for early regulation of the,—Tousey, S. 1300
 De Swarte, L. J.—Automatic tonsil suture demonstrated at Doctor's Verein, Austria 1049
 Development of the teeth and occlusion as factors in the development of facial bones—Noyes, F. B. 1261
 Direct laryngoscopy in the removal of laryngeal tumors—Johnston, R. H. 1214
 Diseases of the labyrinth with special reference to the fistula symptom—Spencer, F. R. 1038
 Downie, W.—Four cases of fracture of the larynx 1119
 Dutrow, H. V.—The operation of tonsillectomy as performed in Ancon hospital 753
- E
- Ear; Effect of salvarsan on the,—Perkins, C. E. 1089
 Ear; Some points in the early development of the,—Guggenheim, L. K. 90
 Ear; Relation of diseases of the posterior sinuses to painful conditions of the,—Bryan, J. H. 1362
 Effect of salvarsan on the ear—Perkins, C. E. 1089
 Endoscopy; Anesthesia for peroral,—Jackson, C. 1208
 Epiglottidectomy, the rational treatment of epiglottidian tuberculosis—Lockard, L. B. 113
 Epiglottis; Large papilloma of the, removed by fulguration—Johnston, R. H. 1360
 Esophageal cases; Some,—Friedberg, S. A. 58
 Esophagoscopy in the removal of foreign bodies from the esophagus—McKinney, R. 1222
 Esophagus; Esophagoscopy in the removal of foreign bodies from the,—McKinney, R. 1222
 Esophagus; Stricture of the upper end of the,—Holmes, E. M. 1228
 Esophagus; Strictures and diverticula of the,—Kelper, G. F. 1127
 Esophagus; Treatment of foreign bodies in the,—Ingals, E. F. 47
 Eustachian tube; Applied anatomy of,—Bacher, J. A. 21
 Eustachian tube; Polyp of the pharyngeal mouth of the,—Brown, C. M. 37
- F
- Facial Bones; the development of the teeth and occlusion as factors in the development of facial bones—Noyes, F. B. 1261
 Fetterolf, G.—A case of lingual thyroid 1015
 Fibroma of the nose and nasopharynx with sudden malignant degeneration—Dabney, V. 960
 Fistula symptom; Diseases of the labyrinth with special reference to the,—Spencer, F. R. 1038
 Freudenthal, W.—Prognosis and treatment of tuberculosis of the larynx 971
 Friedberg, S. A.—Some esophageal cases 58

ORIGINAL COMMUNICATIONS.—Continued.

- Frontal sinus; A review of eighty-one cases of inflammation of the, a comparative study—Richards, G. L. 100
 Frontal sinus; Report of a case of, with dilatation—Hall, G. C. 955
 Four cases of fracture of the larynx—Downie, W. 1119
- G**
 Garraghan, E. F.—The "L" incision in the submucous resection of the nasal septum 759
 Gray, A. A.—Problem of otosclerosis and allied conditions 1
 Guentzer, J. H.—Bacteremia in its relation to purulent otic disease 943
 Guggenheim, L. K.—Some points in the early development of the ear 90

 Freudenthal, W.—Local anesthetics in the upper respiratory tract including the adrenal preparations 1151
 Freudenthal, W.—Report of three cases of syphilis of the nose and throat treated with salvarsan 1074
 Frontal sinus; Case of rounded celled sarcoma of the, necrosis of the floor; abscess of the orbit; Killian operation combined with open method—Myles, R. C. 261, 782
 Frontal sinusitis; Case presenting results after secondary radical operation for,—Myles, R. C. 259
 Gleitsmann, J. W.—Case of subglottic stenosis shown at meeting of October 27, 1909 243
 Glogau, O.—Retro-laryngeal abscess of streptococcal origin 1067
 Guentzer, J. H.—Orbital cellulitis in a child due to ethmoidal and sphenoidal sinusitis 1154
 Harris, T. J.—Case of traumatic aneurysm of the carotid artery. 137
 Harris, T. J.—Report of a case of laryngeal tumor, drawing and specimens 145
 Harris, T. J.—Result after operation for aneurysm of the carotid artery 983
 Haskin, W. H.—The relief of nasal obstruction by orthodontia, a plea for the early recognition of faulty maxillary development 1154, 1234, 1312
 Hays, H.—A case showing results of Carter operation for nasal deformity 1146
 Hays, H.—Case for diagnosis 253
 Hays, H.—Pneumococcus infections of the throat 254
 Horn, J.—Case of multiple polypus of the larynx 254
 Hurd, L. M.—Case of basal cell epithelioma of the larynx two years after operation 984
 Hurd, L. M.—Case of branchial cyst 983
 Laryngeal abscess of streptococcal origin; Retro,—Glogau, O. 1067
 Laryngeal cancer with remarks; Report of a case of,—Delavan, D. B. 256
 Laryngeal tumor, drawing and specimen; Report of a case of,—Harris, T. J. 145
 Larynx; Case of multiple polypus of the,—Horn, J. 254
 Larynx; Scleroma of the,—Sondern, P. F. 986
 Larynx; Tumor of the,—Thurber, S. W. 139
 Larynx two years after operation; Case of basal cell epithelioma of the,—Hurd, L. M. 984
 Law, F. M.—Dislocation of the atlas from the axis of the vertebra 143
 Left vocal cord; Adductor paralysis of the, due to mediastinal tumor—Van Wagenen, C. C. 1075
 Left vocal cord; Paralysis of the, cured by salvarsan—Satterlee, G. R. 1072
 Mayer, E.—Case of amputation of the epiglottis 136
 Mayer, E.—Two cases of foreign body removed respectively from the bronchus and entrance of esophagus 784

SOCIETY PROCEEDINGS.—Continued.

- McCullagh, S.—Three cases of acute follicular tonsillitis with unusual sequelae 1145
 Mulholland, J. A.—Nevus of the tonsil 1152
 Mulholland, J. A.—Vincent's angina in infants; study of twenty-four cases occurring during eight months at the N. Y. Foundlings Hospital 785
 Myles, R. C.—Case of round-celled sarcoma of the frontal sinus; necrosis of the floor; abscess of orbit; Killian operation combined with open method 261
 Myles, R. C.—Case presenting results after secondary operation for frontal sinusitis 259
 Nasal deformity; A case showing results of Carter operation for, —Hays, H. 1146
 Nasal operation; General bacteremia following,—Oppenheimer, S. 991, 1066
 Nasal septum; Gumma of the, cured by salvarsan—Abrahams, J. H. 1140
 Nasal septum, preliminary report; Reconstruction of,—Semken, G. H. 1071
 New instruments; Presentation of,—Oppenheimer, S. 1071
 Nose and throat treated with salvarsan; Report of three cases of syphilis of the,—Freudenthal, W. 1074
 Nose in a child; A case of cavernous angioma of the,—Freudenthal, W. 1073
 Nose; Specific deformity of the, —Carter, W. W. 142
 Oppenheimer, S.—General bacteremia following nasal operation 991, 1066
 Oppenheimer, S.—Presentation of new instruments 1071
 Orthodontia, a plea for the early recognition of faulty maxillary development; The relief of nasal obstructions by,—Haskin, W. H. 1154, 1234, 1312
 Pharynx; Case of post-operative atresia of the,—Abraham, J. H. 249
 Satterlee, G. R.—Paralysis of the left vocal cord cured by salvarsan 1072
 Semken, G. H.—Reconstruction of nasal septum, preliminary report 1071
 Sinusitis; Orbital cellulitis in a child due to ethmoidal and sphenoidal,—Guentzer, J. H. 1154
 Sondern, P. F.—Scleroma of the larynx 986
 Sphenoidal sinus; Foreign body in the,—Voislawsky, A. P. 144
 Subglottic stenosis shown at meeting of October 27, 1909; Case of,—Gleitsmann, J. W. 243
 Throat; Pneumococcus infections of the,—Hays, H. 254
 Thurber, S. W.—Tumor of the larynx 139
 Tongue, septum and inferior turbinates; Multiple hereditary telangiectases of the, with recurring hemorrhages—Van Wageneren, C. D. 146
 Tongue; Two cases of hairy black —Carter, W. W. 982
 Tonsillar hemorrhage, causes, prevention and treatment—Cocks, G. H. 1140
 Tonsillitis with unusual sequelae; Three cases of acute follicular, with unusual sequelae—McCullagh, S. 1145
 Tonsil; Nevus of the,—Mulholland, J. A. 1153
 Trimble, W. B.—Tuberculosis ulcerosa ala nasal mucosa 1148
 Tuberculosis ulcerosa ala nasal mucosa—Trimble, W. B. 1148
 Van Wageneren, C. C.—Adductor paralysis of the left vocal cord due to mediastinal tumor. Presentation of patient and skilograph 1075
 Van Wageneren, C. D.—Multiple hereditary telangiectases of the tongue, septum and inferior turbinates with recurring hemorrhages 146
 Vincent's angina; Case of,—Cocks, G. 1071
 Vincent's angina in infants; study of twenty-four cases occurring during eight months at the N. Y. Foundling Hospital—Mulholland, J. A. 785
 Voislawsky, A. P.—Foreign body in the sphenoidal sinus 144
 Upper respiratory tract including the adrenalin preparation; Local anesthetics in the,—Freudenthal, W. 1151
 Upper respiratory tract; Syphilis of the,—White, F. W. 1144

SOCIETY PROCEEDINGS.—Continued.

- White, F. W.—Syphilis of the upper respiratory tract..... 1144
- Philadelphia Laryngological Society** 767, 1052
- Accessory sinus disease; Exhibition of brain showing abscess of left frontal lobe secondary to,—Coates, G. M. 781
- Bemis, R. W.—The larynx with special reference to intubation with demonstration on the living and on the cadaver..... 767
- Coates, G. M.—Exhibition of brain showing abscess of left frontal lobe secondary to accessory sinus disease 781
- Coates, G. M.—Extra-nasal surgery of the maxillary sinus..... 1060
- Frontal sinusitis; Presentation of two patients operated on by Killian's method for chronic,—Gleason, E. B. 769
- Gleason, E. B.—Presentation of two patients operated on by Killian's method for chronic,—frontal sinusitis 769
- Huggins, J.—The maxillary sinus from the dental standpoint..... 1056
- Larynx with special reference to intubation with demonstration on the living and on the cadaver—Bemis, R. W. 767
- Mackenzie, G. W.—Pathology and diagnosis of maxillary sinus sup-
- puration 1053
- Mackenzie, G. W.—Presentation of patient 780
- Matlack, E.—Presentation of patients 768
- Maxillary sinus; Anatomy of the,—O'Reilly, C. A. 1052
- Maxillary sinus; Extra-nasal surgery of the,—Coates, G. M. 1060
- Maxillary sinus from the dental standpoint—Huggins, J. 1056
- Maxillary sinus; Intra-nasal operations on the,—Skillern, R. H. 1058
- Maxillary sinusitis; Demonstration of case upon which a new intra-nasal operation was performed for chronic,—Skillern, R. H. 780
- Maxillary sinus suppuration, Pathology and diagnosis of,—Mackenzie, G. W. 1053
- Orbital complication—Reber, W. 1057
- O'Reilly, C. A.—Anatomy of the maxillary sinus. 1052
- Presentation of patient—Mackenzie, G. 780
- Presentation of patients—Matlack, E. 768
- Reber, W.—Orbital complications. 1057
- Skillern, R. H.—Demonstration of case upon which a new intra-nasal operation was performed for chronic maxillary sinusitis. 780
- Skillern, R. H.—Intra-nasal operations on the maxillary sinus.... 1058

BOOK REVIEWS.

- Accessory sinuses of the nose in children; 102 specimens reproduced in natural size from photographs—Onodi, A. and Waldeyer, W. 294
- Atlas of Killian's tracheo-bronchoscopy. Colored plates represent pathological preparations from cases examined during life by means of tracheo-bronchoscopy —Mann 295
- Brown, G. V. I.—Surgery of oral diseases and malformations; their diagnosis and treatment. 995
- Bruening, W.—Direct laryngoscopy, bronchoscopy and esophagoscopy 296
- Developmental pathology; a study in degenerative evolution—Talbot, E. S. 995
- Die Ohrenheilkunde des praktischen Arztes—Hasslauer, W. 913
- Direct laryngoscopy, bronchoscopy and esophagoscopy—Bruening, W. 296
- Diseases of the nose and throat—Thomson, St. C. 294
- Essentials of laboratory diagnosis, designed for students and practitioners—Faught, F. A. 913
- Faught, F. A.—Essentials of laboratory diagnosis, designed for students and practitioners..... 913

BOOK REVIEWS.—Continued.

Forschungen und Erfahrungen, (1880-1910)—Semon, F.	1390	Plastic and cosmetic surgery—Kolle, F. S.	993
